

**ANNUAL REPORT TO THE MBA of Texas November, 2016**

Texas Mission Development sponsored by Rocky Springs MBC presently has 151 regular contributors. We are very proud of all our faithful supporters. We thank God for his abundant blessings on this program of financially helping missions and struggling churches with their land and building needs. We are a mission program of loving, sharing and giving financial help to one another.

We give special thanks this year to the Veal Switch MBC of Hughes Springs, Texas and to her Pastor, Dan McQuire for the special offering that will give \$2,000.00 a quarter to our projects till depleted. This will truly help our projects.

2016 was a record year. The last four quarters totaled \$138,863.67. We truly serve an Awesome Omnipotent God Who has blessed us far beyond what we could think or imagine. We are happy to announce also that more of our supporters are sending in their ballots and voting to help choose the projects. We received a record number for our 2016 Fourth Quarter project. We are thrilled when our supporters help in choosing our projects. We thank you again for your participation. There were 14 requests from those needing financial help this year. We do regret that only six received our help. We are pleased for our churches understanding of TMD's purpose of helping our missions and struggling churches with their land and building needs.

On our 40<sup>th</sup> birthday we reached our goal of \$40,000.00 for the Pine Springs Camp. Our present Goal is \$45,000.00 and we will celebrate our 45<sup>th</sup> birthday in July 2017. We are hoping and praying for this goal for a special Second Quarter 2017 need.

We pray the time will come when churches will not have to call and say "what do we need to do to get TMD funds.? We would like for every church to know that all they need to do is become a regular supporter of Texas Mission Development and when there is a need for their mission they only send in a request and get on the ballot. We recommend that all our churches support that they may request the funds if needed.

To God be the Glory for all that has been accomplished thru TMD. We also give thanks to the Baptist Monitor which publishes a monthly report .
